What is MAPS

- The Integrated Managed Account Portfolio Service (MAPS) provides a range of professionally managed investment portfolios with different strategies and styles. By investing in one or more portfolios, investors can build a diversified portfolio that meets their needs.
- MAPS provides solutions that advisers can recommend for specific client requirements, that are available through HUB24's investment and superannuation platforms to clients in accumulation and pension phase.

How your Portfolio will be invested

Systematic Global Macro - Strategy that involves taking quantitative tactical positions in global asset classes.

Discretionary Global Macro - Investment opportunities that emerge from changes in the global macroeconomic landscape. Typically implemented across global markets in Bonds, FX, Equities and Commodities.

Equity Long Short - Strategy that seeks to take long positions (buy) in investments that are expected to appreciate and short (sell) positions in investments that are expected to fall.

Event Driven - Investment strategy that seeks to exploit pricing inefficiencies that may occur before or after a corporate event - such as a merger, acquisition, or spinoff.

Asset allocations are indicative only.
